

Public Notice has been given to the Town of South Bethany that FEMA is soliciting technical information or comments on proposed flood hazard determinations for the Flood Insurance Rate Map (FIRM), and where applicable, the Flood Insurance Study (FIS) report for the Town of South Bethany. These flood hazard determinations may include the addition or modification of Base Flood Elevations, base flood depths, Special Flood Hazard Area boundaries or zone designations or the regulatory floodway. The FIRM, and if applicable, FIS report has been revised to reflect these flood hazard determinations through an issuance of a Letter of Map Revision (LOMR). The second LOMR under review, involves some homes along Rt. 1 east to oceanfront properties.

The LOMR for the second revision will be published in the Delaware State News (Local Newspaper) on February 12, 2021 & February 19, 2021. Immediately following the February 19, 2021 Public Notice, a 90-day appeal period during which any request for reconsideration (appeal) based on scientific or technical data, can be submitted to FEMA.

For More information on the proposed flood hazard determinations and information on the statutory 90-day period provided for appeals, please visit FEMA's website at:
